Regional Delegate and
Mr. Gilles TRICHET General Secretary,
Members of Board of Directors.**

Dear Madam, dear Sir, fellow trainers and stakeholders in the field of vocational education and training.

The implementation of the reform of Vocational Education and Training is confirmed and continues.

The legal obligation to "*justify the degrees and qualifications of those involved in the provision of training (...) and the relation between those degrees and qualifications and the learning service provided* » is taking on a burning relevance.

How far the main stakeholders, namely the learning service providers and their customers, are they informed and aware?

To enlighten and inform everyone about texts, certification schemes and existing qualification; and also to raise the expectations of stakeholders (providers, orderers, funders), the SYCFI's regional delegation of the Centre Region organizes the forum:

**« Focal point for VET:
How to professionalize organizations and people »**

On Tuesday 27th November 2012

From 13h30 to 18h

**At the "CCI de Touraine" Chamber of Commerce of Tours
